

01<sup>st</sup> February, 2023

Dear Parents/Guardians and students,

**RE: ORIENTATION OF THE S.1 STUDENTS 2023 AND SENSITIZATION OF THE PARENTS ON THE NEW LOWER SECONDARY CURRICULUM.**

Congratulations for the success of your child which was well celebrated at the recently released PLE results, 2022. Transitioning to secondary school will, for many children, be one of their first major life steps, so it's important they are informed as much as possible. As HeLP we are very happy to welcome the Senior Ones to our programme at the Holistic eLearning platform (HeLP) schools.

HeLP is a network of teachers and our niche' is eLearning and project-based learning. During the hard times of Covid-19 we trained teachers (over 800) and supported over 11,000 learners' right from their homes through zoom lessons. Our delivery at O-level follows the New Lower Secondary Curriculum that was launched in 2020. It therefore means your child will be joining secondary school within the framework of the new curriculum. We would like to invite your child to join our Senior One to be class and start to experience secondary school and the expected learning framework of this new curriculum that the schools and teachers are still learning. At HeLP, we provide an opportunity to students to be taught by the best teachers in implementing this new curriculum and our services are free. When your child joins our online classes, we promise that they will receive the following among others.

1. Orientation to eLearning and how to effectively make use of the online platforms for learning.
2. Sensitization about the new curriculum and teach the students how best they can make their own notes as required by the new curriculum
3. We shall also introduce them to Project based learning such that they support their teachers to develop projects when they go to school. As HeLP, we shall arrange parents' meetings to enable you to learn more about the current trends of education.

3. Provide career guidance and moral support to students to enable them to learn more about what is being done at secondary school level. There is a need to support students to cope with the new school level and drop the thought of never having left Primary school (confidence building). Our work at HeLP will equip your child with the confidence and motivation to succeed at the next levels of education.

We invite our esteemed Parents and all senior one students to our first meeting on 6<sup>th</sup> February 2023 and the details are herein below where we shall present our programme in full and answer your questions.

Confirm your attendance by filling in the form <https://cutt.ly/F9ZzzeB>

Holistic eLearning Platform schools is inviting you to a scheduled Zoom meeting.

Topic: **Meeting for S.1 to be Parents and S.1 students.**

Time: February 6<sup>th</sup> , 2023 02:00-4:00 PM

Join Zoom Meeting
